Grading

All students are encouraged to perform to the utmost of their capabilities. Grade reports are issued periodically to indicate to the student and parents how well he/she is performing. Grades will be based upon an evaluation of the same standards of evaluation that normally apply during the regular school year will also apply in the summer. Passing summer school work should not be based only on attendance.

Teachers will be responsible for keeping a well-organized grade book record. Grade books will be

Teachers should clearly label the nature of each grade as well as the date of the test or assignment. A key should be included so that the grade book can be interpreted when the teacher is gone. These records will be kept for future reference.

Grading will consist of the following components

80% of the course grade will be based on **participation**, including attendance, completion of assignments, tests/quizzes, engagement in class activities and effort

20% of the course grade will be based on **tests**, specifically mid-term and final examinations

Participation Points

The summer program consists of 24 instructional days. Each day, students will have the potential of 5 participation points, based on 1 - 3 points for effort and 1 -
